

accolade series

Best of Year 2007

in

Architectural Lighting

Selected by the Architect & Design community,
readers of Interior Design Magazine, the leading publication in its field.

a.light's **accolade** series is a multi-optic, multi-mount luminaire designed on minimalist principals
for integration into virtually any ceiling or wall.

accolade combines clean lines with high performance in a 3" aperture.

- Highly energy efficient T5 fluorescent or MR16 accents
- Recessed, surface mount, suspended or wall/mullion mount
- Various lens and parabolic louver options
- Staggered lamping & wet location specification
- 60% recycled aluminum housing = green
- Custom patterns
