

arcature family
overview
with standard configuration described
for full list of options consult submittal sheets

Section View	Series	Size	Mounting	Lengths	Distribution	Features
	A1 arcature¹ or A1C arcature^{1C}	1-7/8" h 6" w or 1-7/8" h 6-1/4" w	Linear Pendant or Ceiling Mount	Various Lengths- Available in Rows	Direct/Indirect or Direct	Unprecedented distribution for visual task environment

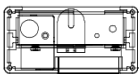

- T5 standard or T5HO; single or dual lamps in cross
- 60% recycled aluminum extrusion and milled end-caps
- pre-installed, single 4ft stainless steel aircraft cables and fully adjustable cable grippers with locking mechanism
- pre-installed, clear, braided power cord
- canopy kit for each mounting point
- surface mounting option A1C
- a-parabola™ louver awarded IESNA Progress Report Award for significant advancement in lighting

	A2 arcature²	1-7/8" h 9-7/8" w	Linear Pendant	Various Lengths- Available in Rows	Direct/Indirect or Direct	Unprecedented distribution for visual task environment
---	--------------------------------	----------------------	-------------------	--	---------------------------------	---

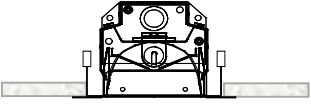

- T5 standard or T5HO
- 60% recycled aluminum extrusion and milled end-caps
- pre-installed, single 4ft stainless steel aircraft cables and fully adjustable cable grippers with locking mechanism
- pre-installed, clear, braided power cord
- canopy kit for each mounting point
- adjustable mounting distances between aircraft cables anywhere along luminaire center section
- a-parabola™ louver awarded IESNA Progress Report Award for significant advancement in lighting

	A3 arcature³	1-7/8" h 2-3/4" w	Linear Pendant or Ceiling Mount	Various Lengths- Available in Rows	Direct	Minimal size with high performance distribution
---	--------------------------------	----------------------	--	--	--------	---

- T5 standard or T5HO
- 60% recycled aluminum extrusion and milled end caps
- pre-installed, single 4ft stainless steel aircraft cables and fully adjustable cable grippers with locking mechanism
- pre-installed, clear, braided power cord
- canopy kit for each mounting point
- exposed ballast box running length of luminaire, concealed ballast box within ceiling or in-line ballast (adds 27" to length per ballast)
- straight blade baffle perpendicular to the lamp provides 30° cut-off

	A4 arcature⁴	1-7/8" h 3-3/4" w	Wall Mount	Various Lengths- Available in Rows	Asymmetric Direct/Indirect	Minimal size for corridors, study carrels, conference spaces and private offices
---	--------------------------------	----------------------	------------	--	-------------------------------	--

- T5 standard or T5HO
- 60% recycled aluminum extrusion and milled end caps
- mounting directly to wall with a · l i g h t quick-install system
- off-set brackets and mullion mounted options available
- straight blade baffle perpendicular to the lamp provides 30° cut-off; or optional opal acrylic or LexEfx™ lens

	A5 arcature⁵ or A5M arcature^{5M}	3-1/2" h 3" aperture	arcature ⁵ has been discontinued	arcature ⁵ has been discontinued	arcature ⁵ has been discontinued	arcature ⁵ has been discontinued
---	--	-------------------------	---	---	---	---

- arcature⁵ has been discontinued
- please see accolade⁵ in replacement which features aluminum extruded housing and various flanges that accommodate virtually any ceiling application
