

arris¹ series

By illuminating the lower surface of the curtain wall soffit on each floor, the designer created a dual purpose lighting solution.

- ambient illumination of the interior space
- luminous accent of each floor for dramatic exterior elevation
- minimalist design integrates into the built environment
- luminaire size is proportioned to window mullion dimensions
- single T5HO • 1-7/8" x 2-3/4" housing
- stainless steel 1mm aircraft cable suspended
- 60% recycled aluminum housing
- project: salem state college, salem, ma
- lighting design: lam partners, cambridge, ma
